- Fiscal 2022 Financial Forecast

- Consolidated Financial Results for the First Nine Months of 2022
- Fiscal 2022 Financial Forecast

Sales rose but profit fell Y-o-Y in the first nine months of the year

Net sales (up Y-o-Y)

- In the Consumer Products Business, sales increased, as sales growth of hand soaps, toothbrushes, antipyretic analgesics and other products outpaced the market
- Sales in the Overseas Business increased, reflecting strong sales in Malaysia in Southeast Asia and South Korea in Northeast Asia
- Sales in the Industrial Products Business increased, driven by demand growth in the chemicals field

Core operating income (down Y-o-Y)

- The impact of rising raw material costs expanded, leading to a year-on-year decrease in profit, despite total cost reductions and price increases

Operating profit and profit for the period attributable to owners of the parent (down Y-o-Y)

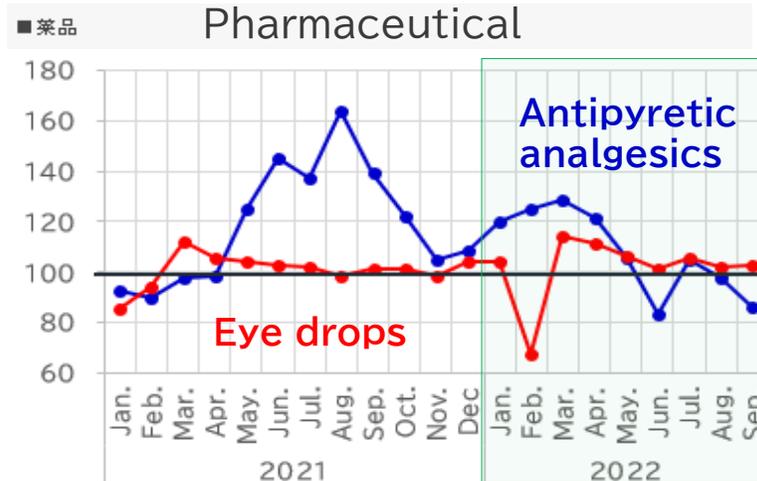

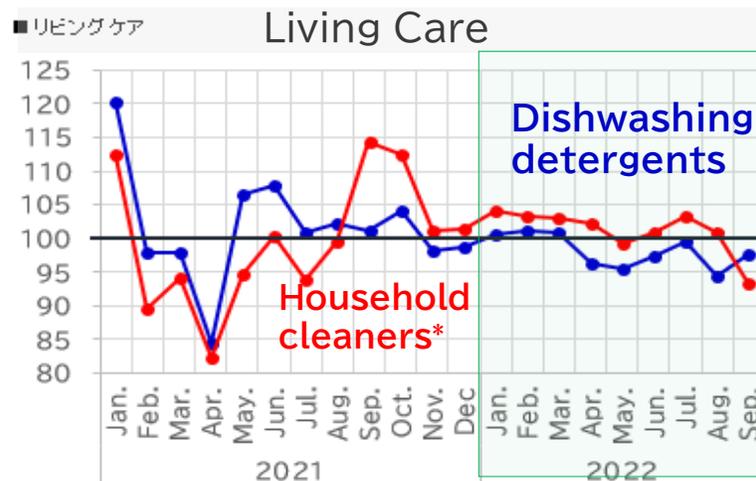

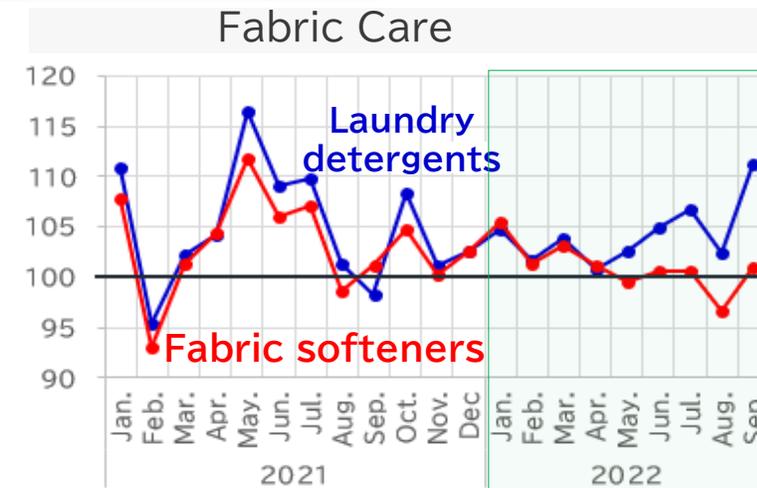

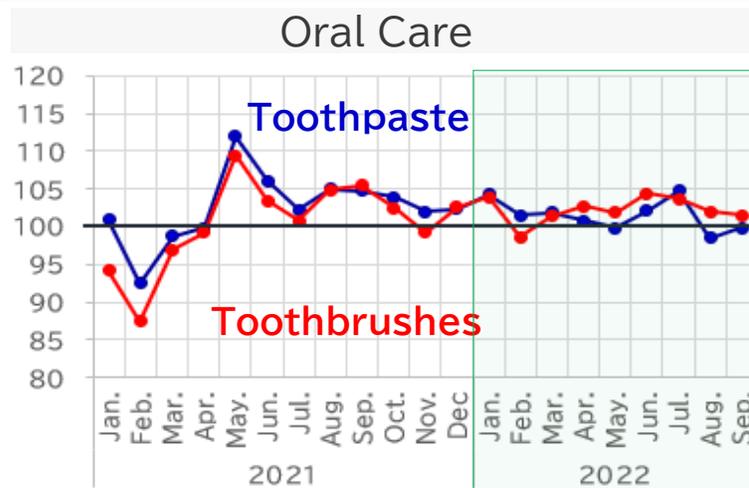

- Profit fell year on year mainly due to decreased core operating income

Lion will continue to implement four measures to achieve the targets of Vision2030 1st STAGE (2022-2024)

- 1. Accelerate introduction of high-value-added products**
- 2. Revise profit structure by reshuffling the business portfolio**
- 3. Increase sales prices (passing on increased raw material costs), revise special sale prices and frequency, etc.**
- 4. Additional cost reductions and cost streamlining**

Maintain growth by accelerating the launch of high-value-added products

The portion of total sales value from high-end products is rising, and that from low-end products is falling
